JELD-WEN® Interior Doors are designed to create lasting value for your home. This warranty is effective for interior doors manufactured by us on or after January 1, 2004 for use in the United States and Canada. Separate warranties apply for our Custom and Premium door collections. Any previous warranties will continue to apply to door products manufactured by us prior to this date. For additional information, including care and maintenance, installation and finishing instructions, contact us or refer to www.jeld-wen.com.

What We Will Do ...

Upon receiving your notification, we will send out an acknowledgement within three business days of receipt to the contact identified. We will investigate your claim and take appropriate action within 30 days after receipt of notification. If it is determined that the product does not have a defect covered by the warranty, we may charge an inspection fee for an onsite inspection that is required or requested by you. If it is determined that there is a defect we will repair the door panel, or ship a replacement door panel to the distributor or person making the claim in the same specification as the original door panel sold to the distributor. If we are unable to provide replacement and repair is not practical or cannot be made timely then we will refund the purchase price. This guarantee gives you specific legal rights, and you may have other rights that vary from state to state.

If the claimed nonconformity is warp, we may defer repairing or replacing the door panel for a period up to **twelve** months from the date of claim. It is not uncommon for a temporary warp condition to occur as the door panel adjusts to local humidity and temperature conditions. This deferral will not be counted against the warranty period.

What This Warranty Does Not Cover ...

We only manufacture the door panel of the door entry system. We do **not** assemble the door panel into the door frame **nor** do we provide parts or components (e.g. door frames or hardware such as hinges and locksets) with the exception of track hardware. See your distributor or dealer regarding the warranty on the entire door entry system and on these other components.

We are not liable for:

- Warp which does not exceed 1/4" in the plane of the door panel itself; any warp for a door panel 3'0" wide by 8'0" (914 mm by 2450 mm) high.
- Normal wear and tear; problems due to misuse, abuse, failure to follow the care and maintenance instructions; or as a result of any cause beyond our control (e.g. fire, flood, earthquake, other acts of nature, and acts of third parties outside of our control).
- Problems related to: improper finishing of all surfaces (front and back) and edges (top, bottom, and sides) of the door panel; variation or unsatisfactory results in sheen or texture resulting from the field application of paint or any other finishing material.
- Bow or misalignment in the frame or jamb in which the door panel is hung; problems due to improper assembly or installation (not in conformance with our instructions); and structural integrity issues or problems caused by improper fitting of the hardware or sizing of the panel.
- Hardware or inserts that are not provided by us, such as locksets, door handles, strikes, etc.
- Cost for labor, installation, removal or finishing of the replacement door panel.
- Damage or poor product performance resulting from installation into a condition that exceeds product design standards and/or certified performance specifications and/or does not comply with applicable building codes.
- Incidental or consequential damage. Some states do not allow the exclusion or limitation of incidental or consequential damages, so this may not apply to you.

Note: Color variation of pre-finished molded doors is not considered a defect.
